

Experience EUscreen

Audiovisual material across Europe

Arne Stabenau, Athens, 22.03.2016

What was produced

- A portal to view curated content of 60000 video clips with rich, partly english, metadata.
 - www.euscreen.eu
- A blog detailing some of the activities that happened throughout the project.
 - <http://blog.euscreen.eu/>
- The View journal of television history and culture
 - <http://journal.euscreen.eu/index.php/view>
- Links to 1,000,000 online videos throughout european television archives. Housed and indexed by Europeana.
 - <http://www.europeana.eu/portal/search?f%5BPROVIDER%5D%5B%5D=EUscreenXL>

Content

- ca. 60000 clips from 28 providers across Europe.
- Around 9000 hours of content.
- English metadata and multilingual keywords.
- Browser access across multiple devices.
- Login to build bookmarks, collections and exhibitions.
